## CANDIDATE STATEMENTS

---

**AL BERGES** – I am a supervisor at a financial institution. I have been in the financial industry for over 25 years. I currently manage a team of 14 individuals . I have experience in project management and feel that transparency is key in order for an Hoa board to be successful in its decision making and application. It is also important to recognize the financial impact on the residents before making any final decision.

---

**SAMUEL SANCHEZ ESPINOZA** – I have been on the board for about 8 years. I'm a concerned resident that will like to continue participating in our community decisions

---

**CHARLES GARIBAY** - INCUMBENT

---

**BLANCA MENDOZA RIVAS** – For a couple years I have served on the board of directors. It has given me a good amount of experience and knowledge. Now that there is now a group of passionate members, I know that we can slowly make changes around here. It is not a quick fix but hoping to be part of the changes. My compassion for those living here and understanding the situations we are in will help me in board again.
