

WYNDHAM PLACE MAINTENANCE CORPORATION

CANDIDATE STATEMENTS

BRENDA HUFFMAN – I am a Marine Corps veteran and I am working towards all of us having a property that we can be proud of. I always put out the key for the plumbers when needed and I have given my WiFi connection to the association for the security camera to use. I also go out and hook up a solar charger to the camera to charge the battery. I have been chasing the homeless off the property. I help identify anyone caught on camera so they can get a violation letter. I always attend the board meetings and association meetings. I am a member of the VFW. I live on the property and when I take out my trash I always pickup anything that isn't in the trash and put it in. I always notify the manager when I see someone as broken into one of the electrical rooms so we can get the room secured again. If the association needs someone to be here to show a worker where the room is that need to work on is I do that. I work with the other board members and manager to get the items we need to take care. I read all correspondence from the manager and board to ensure that we are doing what needs to be done and so I am informed and can make the informed decisions when we things that need to be done

MICHAEL LOVE – Interested in working with the Board to maintain/improve the grounds.

- Occupation educational consultant, adjunct college professor, retired HS teacher.
 - Board President, LKW STEM Foundation, a 5019(c)(3) non-profit
